

PRESIDENT: Mr. Clerk do you of any such rule adopted by this body?

CLERK: (mike not activated).

PRESIDENT: We have no recollection of the rules being changed to that affect Senator Schmit.

CLERK: Read announcements. Read E & R reports regarding LB974, 761, and 761A. Education report regarding 760, 953 and 965. Miscellaneous Subjects report regarding LB993. That is all that I have Mr. President. I have a motion to adjourn.

PRESIDENT: Senator DeCamp.

SENATOR DE CAMP: Rule 6, Section 2, Item B.

PRESIDENT: Yes, are you saying that this prohibits any of the other amendments?

SENATOR DE CAMP: I am saying that the rule offers first of all the committee amendments priority, next the introducer of the bill and subsequent of that other peoples amendments.

PRESIDENT: Yes.

SENATOR DE CAMP: So we can't have an amendment to an amendment. Senator Schmit is amending the committee amendment....

PRESIDENT: There is nothing here that prevents an amendment to an amendment.

SENATOR DE CAMP: Senator Schmit's amendments are to an amendment. Anything offered by Senator Chambers at this time would either have to take precedence over Senator Schmit's amendment which is forbidden by the rules, or would constitute an amendment to an amendment to an amendment.

PRESIDENT: No. Senator Chambers amendment is to the committee amendment.

SENATOR DE CAMP: My point is that Senator...the committee amendments should first have to consider any amendments to them from Senator Schmit.

PRESIDENT: We have done that.

SENATOR DE CAMP: The introducer.

PRESIDENT: We have done that.

SENATOR DE CAMP: But, he has additional ones.

PRESIDENT: In this section?

SENATOR DE CAMP: On the amendments that are involved.

PRESIDENT: We are taking this section by section. If he has additional ones on this section, fine, your point is over ruled. Do you have something?

CLERK: Read adjournment motion.

PRESIDENT: All in favor say aye, opposed say nay. We are adjourned.
